## **CONDITIONS OF SALE.**

**Please read Sale Terms Before Bidding.**

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

**Be sure you bid on the lot you wish to buy.** We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, **THOMAS L. ELDER.**

**Important Notice.** We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**

## **SPECIAL NOTICE.**

Mr. Elder will be glad to advise prospective bidders as to the value of any lot or lots in this fine sale. Write him, giving the numbers wanted.

New bidders, unknown to us, or who have not established a credit with us may have their bids executed by enclosing with the bids a remittance covering 25 % of the amount of their bids. You pay for the lots secured only, and any excess will be returned after the sale.

We do not allow people to return lots from these sales. Any complaints must be set forth in writing before returning any lots, for our opinions. There are several who make it a rule to completely ignore all we say or print on this, but those who persist in disobeying our rules will eventually be stricken from our mailing lists.

Write your bids carefully, without errors as we are not responsible if bids are made on the wrong lots, and no claims on that account will be considered, no difference what is paid for such errors. We aim at all times to treat everyone fairly. Attend the sale in person if you can possibly do so.

This sale is replete with fine and rare pieces, and includes some very good numismatic books and catalogues of value to any collector. Fine catalogs with plates enable you to classify doubtful coins. Have a numismatic library, it costs comparatively little and is worth much in the pursuit of the numismatic hobby.

We feel sure that if you will attend this sale you will enjoy the sessions and be able to add many fine examples to your collection.

Send us a generous number of bids please. **Dates October 27th and 28th.** Lots exhibited to 12:30 on each day of sale. We sell about 300 lots per hour. Time your attendance thereby.
